### EDITORIAL

This is going to be a lengthy affair. Our subject today is the Student Council, with particular reference to the Letter To The Editor which appears on the editorial page.

To begin with, it's a fairly good letter. We are glad the writers were interested enough to write the letter. We can easily see how they reached most of their conclusions. However, we can not agree with them.

In general, the letter breaks down into three main points. 1. The recent elections were sloppily handled, the students weren't sufficiently informed what they were voting on.

Right. These accusations are legitimate. However, there is also a legitimate explanation. Because of the early senior exams, the elections had to be hastily rearranged. It was necessary to have a new Council chosen before the seniors left the campus. Therefore the elections were moved forward with resulting confusion. It was unfortunate. It had originally been planned to do exactly as the letter suggested. However, we can not help but mention that any one who was sincerely interested in the elections could easily have gotten the scoop from his own Council representative. The sophomore vote situation was merely one aspect of the general confusion. We would like to recommend that the letter signers re-read the MICHAELMAN for May 6 which carried a complete and accurate account of the election.

2. The students do not understand the Constitution. Very true. Most Michaelmen, like most Americans, do not have an adequate knowledge of the Constitution under which they live. However, it must be admitted that the whole Constitution was carried in the paper a year ago. Also at that time each class had a meeting to discuss amendments. Since that time, any student who was in doubt about the Constitution had only to question the class representative for whom he voted.

It is true that the Constitution at present does not have a referendum system under which the students themselves may propose amendments. Maybe it should, maybe it shouldn't. If you think it should include this system - tell your representative to bring it up. If he refuses - vote for a new man in the Spring.

3. The students do not understand the Council itself. Very true, very understandable, and very regrettable. Once again, the best thing for the individual student to do would be to quiz his representative. Right now we would suggest that questions be directed to any one of the following men: Tim Murphy, Bob Flanagan, Joe Shea, Bill O'Hearn, Bill Kenney, Bob Sullivan, Cal McKown, John Chachere. The best way to learn about the Council is to ASK THE MAN YOU PUT IN OFFICE.

However, we will try now to clear up a couple of items. Roughly, the Council's powers can be broken down into two main sections:

1. Powers over the clubs.
2. Powers for Student Welfare.

As regards the clubs, the Council has complete power over the budgets allotted to each club. It also has the power to coordinate the activities of the clubs. In

## Senior From Winooski To Be Valedictorian

Marcel LeBlanc, a classics major from Winooski, will be valedictorian of the largest graduating class in the history of St. Michael's.

LeBlanc won the distinction with a summa cum laude average of 94.5.

Second and third honors were won by Lewis St. Cyr of Rumford, Me., with a 94.2 average, and Frank Warzocha of West Rutland, with an average of 94 percent.

LeBlanc, who also graduated with top honors from St. Edmund's Seminary in 1946, has won several scholarships during his four years at St. Mike's. He won many State of Vermont scholarships, a St. Michael's College scholarship, one from the Daughters of Isabella, and another which was established in honor of the late Rev. J. F. Audet. He is a member of Delta Epsilon Sigma, Catholic honor society, and is listed in "Who's Who in American Colleges and Universities."

Campus organizations which LeBlanc belonged to at St. Michael's included the dramatic club, Sodality of the Blessed Virgin, and "Mountaineer" staff. He has been secretary of the Writer's Club and of the French Club.

### LEWIS ST. CYR

St. Cyr is a chemistry major who graduated from Stephens High School of Rumford, Me. He is a member of Delta Epsilon Sigma. He has also been a member of the Honorary Chemistry Society, and is a student affiliate of the American Chemistry Society.

### FRANK WARZUCHA

Frank Warzocha, also a member of Delta Epsilon Sigma, is a philosophy major. He won a varsity letter in tennis, was a member of the Philosophy Club, the Mission Crusade, the Sodality and the Veterans Club. He will continue in his studies for the priesthood.

## Speeches Galore At This Banquet

"And in conclusion---."

If it's an after dinner speaker you want to be then St. Michael's is offering just the course for you. This course is Public Speaking, conducted by Professor Murphy.

Fifteen of the twenty-five members in the class recently attended a banquet at which all fifteen presented after dinner speeches. The banquet served not only to quiet the appetites of the students, but also as a sort of informal class in which they were given practical speaking experience. (Maybe there is a "royal road to education" after all.)

Seniors present at the banquet chose the farewell theme for their speeches.

The affair originated when the students themselves felt that the best way to learn after dinner speaking would be to place themselves in an actual circumstance.

Mr. Murphy served as toastmaster for the banquet.

The course in general deals with various forms of public speaking, such as round table and forum; conduct of the business meeting; and parliamentary procedure, to mention a few. From the more mercenary point of view, along with acquiring skill in public speaking, the ambitious student can also add three credits to his transcript.

The seniors also presented a scene of a typical day in the office of Mr. John Donoghue, Public Relations Director.

The judges' (Prof. Harold Carr, Rev. Ralph Linnehan, and Prof. William Burke) nod gave the seniors first prize, a cup containing fifteen dollars. The cup was presented by Prof. Carr who declined a speech declaring "it is too soon after the last one."

The event, one of the highlights of the Senior Weekend, was directed by George Dolan and Don Walsh.

The softball game, which was scheduled after the skits, was rained out in the second inning.

## Prof Murphy Presides At '40 Reunion

PROF. MURPHY

Professor Ed Murphy, a member of St. Michael's faculty, is chairman in charge of activities for the 1940 class reunion. The ten year reunion is one of the many precedents established by the class of '40.

The class reunion is being held in conjunction with the annual Alumni reunion.

The reunion will feature: 1. An inter-class softball game and a general get-together on Saturday afternoon, June 3.

2. The class of '40 dinner dance, Saturday night from 7:30 p.m. to 12:00 p.m. on the roof garden of the Hotel Vermont. Special guests of honor for this event will be the Very Reverend Jeremiah T. Purtill, S.S.E., '29, Superior General of the Society of St. Edmund, and the Very Reverend Daniel P. Lyons, S.S.E., '26, President of St. Michael's College.

3. A Memorial High Mass for deceased members of the class will be offered Sunday morning, June 4, at 10:00 a.m., in the College Chapel. The celebrant of the Mass will be Reverend Francis Moriarty, S.S.E., '40. The music for the Mass will be sung by the members of the class who formerly sang in the choir during their student days.

A commencement eve dance will be held at the Allenwood Inn. This year's graduating class and the class of '40 will be the special guests of the Alumni.

The ten year reunion is the first of its kind at St. Michael's. This plan was inaugurated by the class of '40 --- the class of precedents. The class of '40 was responsible for introducing the first Junior Prom, and this is only one of the many firsts the class introduced.

Many members of this class are now members of the faculty. They include: Mr. Ed Murphy, English Instructor and class president three times, Father Moriarty, who is the Alumni Secretary and was also the secretary of the class of '40; Father Albiser, Mr. Hebert, and Mr. Fortune, also faculty members, graduated in 1940.

The chairman and his committee are looking forward to a large turnout. There will be many activities scheduled to assure the returning graduates of a grand "Old Time."

One of the high spots for the class of '40 will be the get-together June 4 at the "Happy Acres."

## SAC Selects Murphy As Next Year's Head

Tim Murphy will head next year's Student Council. The Wevertown, N.Y., junior was elected last Tuesday as the new Council held its first organizational meeting.

## Flanagan Wields Fifty-One Shield

Next year's edition of the SHIELD will be edited by Bob Flanagan.

Flanagan, the retiring editor of the MICHAELMAN, was named this past week by Jim Barry, the Senior Class President.

A junior from Nantucket, Mass., Flanagan has been active for three years on the staff of the school paper. For the past year and a half he has been managing editor.

### EARLY START

Immediately after his appointment to the position with the SHIELD, Flanagan began making plans for next year's book. The first staff meeting was held yesterday (Friday) in College Hall.

At the meeting, Flanagan and Barry announced that the subordinate positions on the literary staff would not be filled until September. However, they explained, it may be necessary to appoint a Business Manager within the next week.

### NO CUTS

In outlining next year's set up, the editor explained that no one would be cut from the SHIELD staff. "There'll be plenty of work for everyone," Flanagan said, "the more the merrier."

Barry and Flanagan particularly stressed the importance of having underclassmen come out for the SHIELD staff.

During the past two years Murphy has been Advertising Manager and Business Manager of the MICHAELMAN, junior delegate of the NFCCS and Corresponding Secretary for the Council.

The Council president is elected from among the senior members of the Council.

Other officers chosen for 1950-51 were: Joe Shea, Vice President; Bob Flanagan, Recording Secretary; Jack Terenzini, Treasurer; and Bob Sullivan, Corresponding Secretary.

Fr. Moriarty paid tribute to Past President McMahon for his Council work beyond the "call of duty." "But," he cautioned, "the Council has not been fully tried yet." "It is still a tentative body - and our goal in '50-51 will be to fully sell the Council to the Student Body."

To the new Student Councilors, the moderator emphasized the trust they hold. "Yours is a responsibility as well as an honor - you must keep those, whom you represent, informed." "There remains much work to be done, and it must be done as a unit."

"Service to the Student Body and the Administration in a true school spirit is the general duty of a Student Representative," Fr. Moriarty told the new councilmen.

Before the meeting was over, the newly elected student representatives had a chance to observe the gigantic machinery of the Student Council in action. Midst a torrent of legislative debate, a motion was passed, designating a committee, to act upon settlement of a pressing bill owed to a Michaelman by the Council. - The Bill amounted to three dollars!

## "Parade of Horribles" Senior Weekend Event

Under darkened skies that later gave way to rain the "Parade of the Horribles" plotted its course to Austin Hall.

The "band," headed by three horses, whose riders had some trouble guiding the frightened beasts, marched before several "in the mood" onlookers.

In Austin Hall the seniors and the freshmen from St. John's presented skits. The frosh gave an interpretation of the college catalogue. The students, in a serious manner, proclaimed that the purpose of the college was the teaching of the four w's.

The seniors, led by Ray O'Keefe, mimicked their way through the songs of "Soused Specific." Their rendition of "Younger than Herrouet," sung by Mary (Jim Conboy) Martin, Ezio (Gil LeClerc) Pinza, and chorus, demand an encore.

## Junior Class Shines With Tommy Tucker Time

by Charles Randall

Last Friday evening at the Junior Prom, held in the Burlington Memorial Auditorium, about three hundred Michaelmen and their dates danced to the music of Tommy Tucker. This was the initial event of the Senior Weekend.

The Auditorium was artistically decorated. Over the entrances to the dance floor were crape canopies. Beneath ceiling arches of streamers of purple and white the many couples danced. The center of the floor was occupied by streamers falling in maypole fashion over a boxlike receptacle. Within this centerpiece were scores of multi-colored balloons, activated by a fan in the bottom of the box. These balloons served

as a source of souvenirs for the feminine guests.

The Junior Prom was the key event of the Senior Weekend. The Prom, no doubt, is a very strong contender for "the" social function of the year.

Tommy Tucker and the Prom received many compliments from both Michaelmen and their dates. As one UVM Miss described the Prom to her escort, "I'm overwhelmed by it."

Continued from page 1

other words, the Council makes sure we don't have a Concert scheduled for the same night as a Play. The Council also has power to establish general rules by which the clubs should function.

Some students may say, the Council shouldn't have this much power over the individual clubs. On the other hand, look at this situation: This past winter, the club presidents easily outnumbered the other representatives on the Council. If these presidents wished, they could have limited the Council's powers by amending the Constitution. No such move was made.

O.K. Now as regards that Student Welfare clause.

This past year the Council brought before the administration several matters in which it felt the students were not getting a fair deal. Some may say: "The Council didn't bring up enough matters." Then why in the name of the Great Ethan Allen didn't these students suggest a few matters to their own representatives.

O.K. How about the matters on which the Council did act?

The score was about even. A couple of times the Council had directives changed. On a few more occasions the Council was able to help to head off measures which were being contemplated.

On the other hand, several Council proposals were flatly rejected. Does this mean the Council is a failure? We don't think so. Remember, even though these proposals were rejected, at least they were brought up for consideration. It's quite possible the proposals weren't particularly good ideas. It may be just as well they were turned down. On the other hand, if they did have any value there is a chance they will receive some consideration at a future date.

Now we get into one more difficulty - the elections.

Are we entirely in favor of the present system? Probably not. On the other hand we can see some definite arguments for this system.

Look at it this way: In the United States there are over 150,000,000 Americans. They own the country. Therefore, they have a perfect right to choose their rulers under a democratic system.

In SMC we do NOT own the college. Let's face facts. St. Mike's is a million dollar industry. Do we have a million dollars? Right now we've got 63 cents. How do you stand?

O.K. The administration owns the college. It has a perfect right to say how all the finances are spent. But it has voluntarily given part of this right to us provided it has some say in the men chosen to administer these finances.

If it were not for this financial angle we would gripe our head off at this present system. But it is just this financial angle which makes our Council a little better than the Councils at many other colleges. And it is just this financial angle which justifies the present election system.

Remember. We do NOT have a right to administer democratically something which belongs to someone else.

Now let's wind this thing up.

Ordinarily we don't like to end our editorials with an apology. This week we'll have to. We've given you our interpretation of the Constitution. It's not complete because we just haven't got the space to do a good job. Maybe it's not even factual. The Constitution is young. No one has ever really tried to analyze it. Well here's our analysis. If it's correct - good. If it's incorrect - at least it gives us something to improve on.

## The Hillwind

Charlie Guill

Question: "Do you think that your Catholicism constitutes an impediment towards your material success in future life?"

JOE TREBACACCI

JUNIOR

WESTERLY, R.I.

If I were to enter politics for the office of president of the United States I would have to answer YES, for it was proven in the case of Al Smith, a Catholic, who was defeated. But my future in the profession of medicine and my answer is definitely NO. The "Oath of Hippocrates" is taken by the graduates of many medical schools. This Oath outlines the conduct that should be followed by every conscientious physician or surgeon. This solemn promise is remarkable because it comes down to us from a pagan era. The moral code, found in Catholic authors, is no more than an explanation of the Natural law. It does not bind members of the Catholic Church only. This

is part of the universal morality that the author of nature imposes equally on all Catholic and Protestant, Jew and Gentile.

JOE PALERMO

JUNIOR

UNION CITY, N.J.

To the extent that involves my ethical code, I would say that I would be more aware of my conscience and thus be less inclined to compete against those of other schools in the field of business.

But as regards my actions, certainty and confidence in performing them will be my companion, while others will be acting with only a temporary purpose. To conclude I would say that Catholicism may be a slight impediment in achieving material wealth as compared with those of a materialistic viewpoint, but

eventually I will be further ahead because of my peace of mind while the others will possess material wealth, period.

ARTIE COUGHLIN

SOPH.

HOBOKEN, N.J.

I think that in my material success my Catholic Faith might prove in some cases to be an impediment towards obtaining material success.

However, in so far as I have the true Faith I am more concerned over my spiritual future rather than success here on earth.

Moreover, I also feel that with a Catholic College education, I am well fortified to face the material and spiritual problems ahead.

I would not trade my Catholic education for material success, at any rate.

## Letters To The Editor

Mr. Editor:

We would like to register a protest against the so-called "student vote on the ratification of the Student Activity Council Constitution," taken during the recent class elections.

In our opinion, it was a farce. There certainly was not one student in ten who knew what this was all about. If we are not mistaken, this Constitution appeared in the MICHAELMAN at the beginning of the school year. Even for those few who did happen to read it then, eight months is a rather long time. Moreover, this Constitution was modified since then, and the only report was in the MICHAELMAN about a month ago.

So the publicity given to

this "vote" was minute, to say the least. Nobody knew what they were voting for. Certainly many that voted yes did so because they thought the SAC was at stake and they figured that some Student Council, even though poor as this one is, was better than nothing at all. There seemed to be no choice in the matter. It looked like a take it or leave it deal.

And just what was the story about the rejection of the Sophomore vote?

Our suggestion is that this "vote" be nullified and a new count taken next fall, it being too late this year. But before this vote, the Constitution should be printed in the MICHAELMAN, and especially, the workings of the SAC be explained. There is more confusion in the minds of the students about this Council than about how

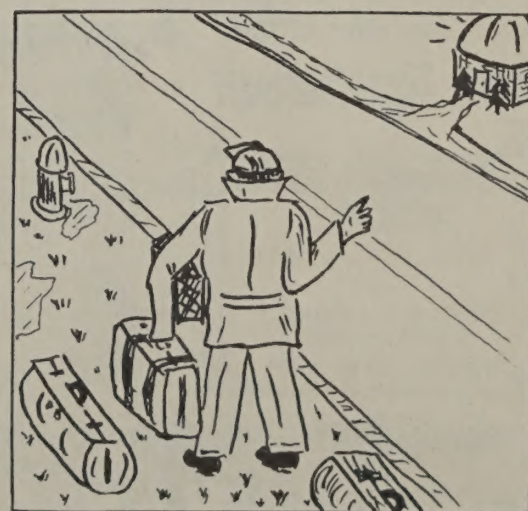

the class representatives ever get on it. By giving this Council some real power and by making it a truly STUDENT body, we believe that the students will get a chance to learn how to govern themselves, a much needed experience in this democracy we live in.

Yours truly,

Donald Gerety, Bernard Korzun, David Mauzerall, Maurice Lamothe, Vin Ferland, Tony LeSauter, Maxime Roy, Rolland Gifford, Arthur Conway, Charles Bunnell, John Burke, Arthur Coggio, G. L. Daniel, Roger Duranleau, William Gilmartin, Neil Kopp, Garold Albert, John O'Connor, Elmer Labbe, John Izzo, Paul Durkin, Richard Johnson, John P. Trotter, Patrick J. Cavanaugh, Grant Hamilton, Donald L. Bliss, Richard Fitzgerald

# GI

didn't know that

Veterans Administration today moved to simplify procedures and speed up service to veterans seeking to change courses of study or undertake additional training under the GI Bill.

Instructions have been wired to VA Managers liberalizing requirements that all veterans desiring to change their general field of study or enter additional courses undergo advisement and guidance, and extending to Registration Officers authority to give immediate approval to applications where the justification submitted by the veteran is clearly adequate.

This extension of authority has been granted to handle applications for advisement which are being received at the rate of 30,000 a month and to eliminate backlogs now building up in many offices. The speed-up procedure only applies to veterans whose justifications clearly show they are entitled to the training applied for.

The new instructions in no way affect veterans who, because of disabilities suffered in service, are entitled to Vocational Rehabilitation under Public Law 16. They will continue to have first priority for counseling. When a veteran undertakes counseling for Vocational Rehabilitation under Public Law 16 and is found ineligible, the counseling may be continued to assist him to select training under the GI Bill.

# 1950 Football Schedule

"LOSE OR BE FLUNKED!!" LOUGHLIN

As this school year nears an end, it might be well to look into the sports picture for next year. When school resumes in the fall the first football game against arch rival UVM will mark a milestone in the history of St. Michael's. Just before that game the new Athletic Field will be dedicated. It should mark the advent of the best year ever in sports here on the Hilltop. In just four years St. Michael's has grown from a breather on opponents schedules to a real power in New England Small College Athletics.

When Doc Jacobs took over as Director of Athletics in the Fall of 1947 the athletic situation was pitiful. There wasn't enough equipment to outfit the football team and the basketball team was forced to play all but the UVM games in the small College Hall gym. The baseball field was a risk to life and limb as the outfielders had to dash into the road after well tagged drives. This is all in the past now. The football team is equipped as well as any college eleven could be and at last St. Mike's has a field of its own. This field and the fact that next year's teams will be the best ever to represent St. Michael's will certainly go a long way in making it a banner year for sports on the Hilltop.

The only thing that could make next year's sports schedule brighter would be a football game with Middlebury.

Of course, this is impossible but it would certainly make the State sport picture much brighter, and also benefit both schools financially. Middlebury still seems bent on cracking the Little Three so the meeting of the two schools is still a dream and probably will be for some years to come.

## SPORTS TALK

The Frosh baseball team finished up its schedule this week with a 5 and 2 record. The Champlain game won't show in the records because it was a Junior Varsity game. The Squires batted .269 as a team with Dixie Walker the leading individual sticker. Walker batted .440 and also led the team in stolen bases. Whitey LeBlanc hit .368 to cop runner-up honors. The Frosh finished 2nd to Middlebury in the race for the State Frosh Crown which would have wrapped up all three sports for the Squires had they won it...Two or three real chuckers were uncovered on the Frosh nine and they should do Doc Jacob's varsity a lot of good when next year rolls around. Of course last year's Freshman team had three good hurlers but when this year came around they were among the missing for one reason or another...The golf team was scheduled in the Vermont Intercollegiate this week. This tourney will finish up their short season's activity...Well, that's it for this year. Have a nice vacation.

## Pigskinners Weep—Spring Football Ends

By Frank Simas

The Knights bowed out of the spring football picture by running through their basic repertoire of plays before the cameras of "the eyes and ears" of St. Michael's, Fr. Paulin. The film Paulin shot contains the fundamental plays which should make opposing defense lines quiver. The possibility of this film falling into the hands of undesirables, namely U.V.M., is very slim

because Mr. Piscione will be in charge of it and he will be more efficient than the Brink guards have been lately.

The plays are designed in such a way that practically every play starts off the same, easily causing a state of confusion.

The influence of these give away programs on the air has even penetrated into the athletic department at St. Michael's. Doc Jacobs is

going to award a prize to the player with the neatest play book. What the prize is no one seems to know. The books were passed in last Thursday so the announcement of the winner will be known in the near future.

Coach Jacobs, at the last meeting, told the boys that he was very pleased with their spirit this Spring and he said he hoped it would continue at such a high pitch this Fall.

## Slate Includes

## Two New Foes

By Gerry Healy

Director of Athletics George "Doc" Jacobs announced today that St. Michael's College will open a seven game football schedule on its new athletic field with its arch rival, the University of Vermont, Sept. 30.

Arnold College, of Milford, Conn., and Springfield College both physical education colleges, are newcomers to the Purple Knights' 1950 schedule.

The Arnold game will be Sunday, Oct. 22, the first college football game in Vermont on Sunday. Two games are scheduled for Springfield, Mass., against Springfield College and American International College. The Knights have met the Aces from A.I.C. three times on the gridiron and lost two decisions to them and played one scoreless tie last year.

## LOST SIX

Coach Jacobs lost six lettermen from last year's eleven that won three, lost two, and tied three. St. Michael's was one of the few teams in college football circles to record three ties, two of which were scoreless.

One game is pending on the Knights' schedule. The open date is October 14, between Norwich and newcomer Arnold.

The schedule follows:

Sept 30. Vermont  
at Winooski Park  
Oct. 7. Norwich  
at Northfield, Vt.  
Oct. 14 Pending  
Oct. 22 Arnold College  
at Winooski Park  
Oct. 28 Springfield  
at Springfield, Mass.  
Nov. 4 Hofstra  
at Winooski Park  
Nov. 11 A.I.C.  
at Springfield, Mass.  
Nov. 18 Loyola (Montreal)  
at Winooski Park

Three of last year's opponents are not on the 1950 schedule. They are Colby, Rider, and Lowell Tech. Rider defeated the Purple and Gold gridmen 39-7 in Jersey City. The Knights defeated the Lowell Terriers 32-0, and came from behind to tie the Colby Mules 7-7 at Waterville, Maine, in a snowstorm. There was a one year contract between St. Michael's and Colby.

## LOYOLA GAME

Last year the Knights defeated the Warriors of Loyola 54-0 in the first complete football game in Montreal under full National Collegiate Athletic Association's rulings. Loyola's Director of Athletics, Ben Orban, announced that next Fall he will play eight American colleges. They are St. Michael's, Champlain, University of Bridgeport, Hofstra, Norwich, New Bedford Institute, American International College, and New Haven State Teachers College.

Looking at the record books with next Fall's opponents, St. Michael's has won seven, lost eight, and tied two. The Purple Knights hold a 4-3 record over Norwich; 2-3 with Vermont; 1-0 over Loyola; 0-2-1 with A.I.C.; and a scoreless tie with Hofstra.

Sixty-two Purple Knights will return to practice around Sept. 1 in preparation for the seven game schedule.

# Varsity Moves Into Last Week

## Four Big Games On Tap for Team

by Dan Tarpey

The Purple Knights victorious in only 3 of its games played to date will try to find the victory habits once again when they meet Siena and St. Lawrence next Saturday and Tuesday at the Hilltop.

The Knights then close out its 13 game schedule with contests against Norwich on the 27th and Vermont on the 30th, the latter being a Memorial Day affair. Of the four remaining contests the Purple and Gold will be pitted against three opponents for the second time this season. Siena and U.V.M. already have sent the Knights deeper into the loss column, while the Purple and Gold own a 10-2 de-

cision over the Norwich Horsemen. In all probability Coach "Doc" Jacobs will send his ace right hander Bill "Specs" Tierney to the hill when the invading Siena forces come here next Saturday. Tierney, who has been bothered by a sore back this past week, says, "he's ready for the pitching chores," and will be out to get his third win of the season. Presently, the Knights are

sporting an unimpressive 3-6 record, and if they have any intentions of reaching the 500 mark, the remaining four games will have to be chalked up in the win column. The squad on the whole knows that they are a better team than Siena, St. Lawrence, and Norwich, but with Dick McQuin a ringer from the Northern League firing for the University things will be plenty tough for the locals. Batting around: --- Rumor

has it that the Memorial Day game with U.V.M. at Centennial Field will be played under the new lighting system. --- The inclement weather thus far this season has handicapped the pitchers immeasurably. Jim Whitlock pitched a whole game on the sidelines last Sunday. --- The Knight's 11-1 loss to Middlebury last Wednesday upset any ideas the Purple and Gold had of grabbing the state title.

## Purple Takes Williams; Loses To Arnold

By Bill Koeph

"A half a loaf is better than none." That's how the St. Michael's baseball nine is consoling themselves over dividing the tilts with Williams and Arnold. Doc Jacobs and Company started out strong by outlasting Williams College 4-3 in 11 innings, but finished up on the weak end curtseying to Arnold, 7-4.

At Williamstown, Saturday, Bill Tierney was Joe Paged by Coach Jacobs in the 9th inning to slam the door in Williams' face. That he did, allowing but one hit. SMC seemed to have an insurance run in the 9th when Johnny Donovan's single scooted Jack Cronin across the plate after Dick Fitzgerald had singled Tommy Sullivan home. Sully previously singled and Cronin had reached on an error.

By the 11th inning, with the score tied at 3-3, the tension was pretty high. Cronin led off the canto by walking, Fitz then sacrificed him to third - "Shade of Jethore"! Backstop Donovan's infield outscored the winning run, giving Tierney his well earned victory.

Arnold's Redmen from New Haven, Conn., added defeat number five on the Purple. Four runs in the eighth inning sewed the game up for Redman Joe Guidetti.

Bill Gosselin started the contest but "walked" himself off the field in Arnold's big inning. Tommy Sullivan's great catch in the 3rd frame got the hurler out of trouble when the Knights led 3-2.

St. Mike's dented the rubber plate thrice in the 2nd inning to take the lead. Jack Cronin singled and went to second when the right fielder muffed the ball. Dick Fitzgerald doubled him across with the first run. Donovan got an RBI when he singled Fitz across. Provost's grounder forced Donovan at second. Pitcher "Goose" Gosselin's grounder was booted by the shortstop; Provost going to third. With two out and the bases loaded, Jim Garvey walked to force in the third run.

Eddie Markey scored the final fourth run when he reached on the shortstop's second error and scored on Jim Garvey's double to left.

Outfielder Jack Cronin tries to drive one down the shortstop's throat in last Sunday's Arnold game.

## Middmen Beat Purple As Knights Drop Sixth

by Frank Simas

The Knights ventured down to Middlebury's "happy hunting grounds" last Wednesday for a state conference game but found the Panthers on the warpath. The Panthers were

very hospitable in handing the Knights another marker in the lost column. Middlebury's aggregation rolled up the Knights to the tune of 11-1. The Purple and Gold representatives received their sixth setback of the year as against only three decisions in their favor. The Panthers have claim to the villain role in two of the defeats. The victory enabled Middlebury to remain deadlocked with U.V.M. for the state conference title, which will probably be settled the next time the two teams meet.

### THREE HITTER

Jim Newman, of Middlebury, not only pitched a three hitter but also led his team in the important sticking department with three sharp bingles. Dave Paulson, another Panther, combined with Newman to spearhead the Panther attack. They accounted for six of their team's 13 safe knocks.

The Knights kept up with Middlebury's pace until the fifth inning when the roof fell on them and seven Panther runs scored to break the five inning 1-1 duel. The Knights sent three hurlers to the mound but they couldn't find a Joe Page so after the smoke had cleared, 13 hits, 12 singles and 1 double, 12 charity bases, and 5 miscues were up on the scoreboard spelling defeat. That outburst was just too much for the Knights to cope with so the run they produced in the first inning ended up being their total output for the afternoon.

## Squires Split

By Fran Hoben

Looking like the Bronx Bombers one minute and anything else the next, the Freshman baseball team split two home games last week. After trouncing Vermont Junior College 12-7 on Thursday (May 11), the Squires were outslugged by Middlebury's Frosh 19-12 the following day.

Neither game was particularly sharp from the spectator's viewpoint, but the Freshmen showed plenty of power at the plate by collecting a two day total of 29 hits. In the field the story was much the opposite as no less than 17 errors were charged up to Coach Ted Ziter's crew.

### GALLOPO LEADS WAY

Andy Gallopo's powerful, line-drive home runs to center in the second and third innings proved to be enough for St. Mike's to take the measure of an unimpressive Vermont JC nine. Andy and Dixie Walker led a fifteen hit attack, with the latter getting a triple and two singles. Matty Flanagan, who went the first five innings, was a victim of poor support but got credit for the win. His successor, Cy Broccoli, pitched fine ball the rest of the way, allowing only one hit in four innings.

### SECOND LOSS TO MIDD.

Middlebury's Frosh tagged Jack Lawrence for seven runs in the fourth frame to grab a 9-5 lead and continued their assault on Lou Andreotta and Broccoli, thus gaining an easy victory over the Squires. The win completed a two game sweep for Midd. Paul McKenzie banged out three hits, while Walker, Ed McGuire and Dick Cunningham had two apiece. Christian, the winning pitcher, and Beers hit round trippers for the winners, who were out hit 15-14. Seven St. Mike's errors were very costly.

## Scanlon to Head Knights & Knaves

Dennis Scanlon, of South Boston, Mass., is the new president of the "Knights and Knaves," the college dramatics society.

Scanlon was chosen by vote of the club members at a meeting last Thursday. Chosen to support him were Jack Flynn, of Douglaston, Long Island, as vice-president, William Kennedy, Springfield, Mass., as secretary, and John Swift, of Rochester, New York, as treasurer.

Don Bliss was selected to do the club's publicity work for the coming year.

## Dan MacDonald, Head Philosopher

Daniel MacDonald from Dalton, Mass., will head The Thomists, the philosophy club at St. Michael's College, during the coming year.

MacDonald, an army veteran, will be a junior next year. He was elected at the annual meeting Monday night.

Other officers will be: Vice-President, George Shaughnessy, North Walpole, N.H.; Secretary Treasurer, Paul Reiss, Lake Placid, N.Y.

MacDonald lives on College Parkway, Winooski Park. He is married and has two children.

About 70 attended the meeting at which the Club argued the question whether God's existence could be proved from reason alone. Prof. William W. Burke is moderator of the club.

## "Jazz Cavalcade" Steals Star Spot

As the adage goes "all good things must come to an end" so too the Senior Week-end came to an end but what an ending!!!

There is no doubt but that the "Cavalcade of Jazz" was really tremendous. The Arabian Knights really knocked themselves out producing one of the finer happenings on campus this year.

The session opened with the two-beat shuffle of Dixieland and New Orleans jazz and moved into the ballad period featuring the theme songs of Miller, Spivak and Cugat. Next came the fine combo arrangements of Jam Blues and Lover with Bill Cofrances on tenor, Gene Morin on accordion, Bert Cisco on drums and George Stillman on bass.

As an added showstopper Lorraine Mullane, Bill's fiancée, whispered some sweet vocal refrains to "Don't Take Your Love From Me", "Embraceable You", and "Stormy Weather." Lastly came the final fling into Progressive Jazz and Be-Bop with arrangements of "Intermission Riff" and "Balboa Bash" both smoothly interpreted in a Kentonish fashion. The Be-Bop included ex-Knight leader Bill Wanamaker on trombone and the rest of the combo in a fast moving "expose" of bop at its best.

There is high hopes of this being duplicated next year though it will be altered somewhat. The proceeds, which totaled \$85.00, were donated to the Mission Crusade for the St. Edmund's Mission at Selma, Alabama.

## New Name Found For Radio Show

The Pen & Mike Club's weekly radio show has received a new name.

No longer will the program, heard every Sunday at 12:30 over WJOY, be called "Catholic Information on the Air." A contest was held to re-name the show, and the winning title was "Design For Catholic Living."

While this change was successful, the attempt to change presidents failed. At the election meeting held last Tuesday evening, in College Hall, it was found necessary to postpone elections to next fall. This was done because a majority of the members were not present at this meeting, the last of the year.

However, retiring president Bill King did give a short retiring address, and the Rev. Charles McIsaac, club moderator, expressed the club's thanks to the retiring president.

## Want To Run A Ski Lodge?

In northern New England steps are being taken at the present time to establish a new graduate school of business administration. To be located in the heart of the area's ski developments, the school will provide a two-year course of instruction for college graduates as well as for undergraduates who have completed at least two years of satisfactory college work in fields other than business.

The school is being founded by Professors Albert G. Sweetser and Richard T. Bailey, both of whom are now teaching at Norwich University. Detailed information may be obtained by writing to either of these men at P.O. Box 88, Northfield, Vermont.

## Meet Your Prof.

Prof. Naramore

By George Mitchell

Mr. Vincent Naramore joined the St. Michael's family as a mathematics instructor last September. He hails from Hubbardton, Vermont, where he received his elementary and high school education.

During the winter months at high school he was editor of the school paper. Managing a hometown baseball team kept him on his toes during the summer months of his junior and senior years.

Naramore attended Syracuse University and graduated from there in 1940. He started graduate work at Syracuse, but his training was interrupted by the war. After serving five years in the Army, two of which were in Italy, he resumed graduate training at Syracuse. At the time he had no intentions of being a mathematics teacher; however, the University was shorthanded in the teaching department so once again he postponed his graduate training and accepted a position as instructor of mathematics. He enjoyed teaching and decided that he would make it his career.

Naramore taught at Syracuse from '46 through '48. While there he met Father Maurice Boucher at a convention and mentioned his desire to teach at a smaller school, such as St. Michael's. Not long after this meeting Naramore received and accepted an offer to be part of the St. Michael's staff. Since he has been here he has enjoyed his work with both the faculty and the student body.

Until recently Mr. Naramore has been satisfied and content in knowing he could play the piano. Now his soaring ambition has led him to study the zither with hopes that some day he will be able to play the "Third Man Theme."

TO THE NEW BORN

The long wait ends.

The brow dew dries.

Our hushed tones cease,

Replaced by lusty cries.

## And in Conclusion

Another Junior Prom is history and as we file it away in our memory books it is only fitting that we remember those who contributed to its success.

To the committeemen, one and all, who gave so generously of their time and effort--

To John Buchan and his able staff for their help and wholehearted co-operation--

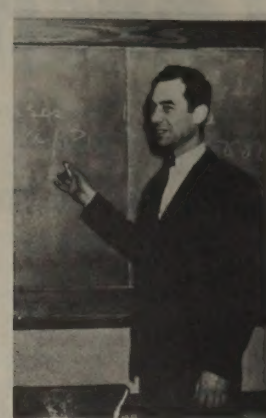

To Father Moriarty and the Student Activities Council for inspiration and guidance--

To Paul Heinig and his electricians for their technical assistance--

To all those who by their attendance made this, and future Junior Proms possible--

To each of these and to all who helped in any way, we offer our sincere "thank you."

Joseph M. Shea  
Chairman

Prof. Fortune

by Charles Randall

One of the much represented class of '40 on the faculty is Mr. George A. Fortune, instructor in elementary and advanced accounting.

Mr. Fortune, during the last war, served in the Third Army in the Provost Marshal Department. In 1948 he received a M.S. from U.V.M. Last year at U.V.M. Mr. Fortune was an accounting lab assistant.

### FATHER OF TWINS

Mr. Fortune is married and the father of five children, including twin boys. The Fortunes live in Shelburne. Mr. Fortune's old home town.

Fishing and carpentry are Mr. Fortune's hobbies, but he finds too little time to follow them because of his sizeable family.

It is the opinion of Mr. Fortune that St. Mike's has very keen school spirit. He feels that no other school has an esprit de corps that can be compared with S.M.C.'s. He believes that the 1140 Michaelmen of today have the same grand spirit that the boys of the "old school" (1940) had.

If any of you believe seventeen semester hours is rough, you're in for a jolt. Back in '40 Michaelmen carried nineteen to twenty-five hours, according to Mr. Fortune.
